

Abigaëlle Perrault
Vice President of Student Experience
March 25th, 2023.

Student Union
Regent's University London
Inner Circle, NW1 4NS
London, United Kingdom

Dear Student Body,

This letter is regarding my application for the role of President of Student Experience for the Student Union of Regent's University London.

Currently working in the Student Union as Vice President of Student Experience, I have gained a considerable amount of knowledge on the institution in which we are pursuing our academic careers at. Working closely with the current Student Union President, Stine, allowed me as well to pay close attention to the progress the union has made under her leadership.

As President, my goal will be to carry on being present for every student at Regent's University. I will listen to your concerns and will ensure that actions are being taken on the feedback brought to light to the Student Union team.

When elected as Student Union President, I will lead a motivated and dedicated team which will represent the Student Voice. We will ensure to create a variety of events, both academically and socially, that will reflect your interests. To achieve this, I will be available and delighted to receive the suggestions and insight of students across campus.

In addition, I will pursue Stine's amazing work and effort in different areas, such as; promoting the Student Union across campus to create awareness of its role and implication in the institution, pursuing her achievement in ensuring the growth of sustainability and developing a strong relation and communication between the academics and the students.

All in all, I believe I have the willingness and motivation to help the Student Union thrive at the university. Working with the Student Union made me appreciate the efforts and time put in by the executive members to help ensure a positive academic experience for all students of Regent's University London.

A vote for me is a vote for your academic interests and an opportunity to flourish at Regent's University.

I appreciate your time and consideration of my candidature for this position and hope I can count on your vote.

Abigaëlle Perrault
