

To whom it may concern.

My name is Eve Russell and I am nominating myself as a candidate for the position of Film and Acting Council President. I am a second year acting student at Regents University as of September 2023 from the United Kingdom.

In my first year I was a key member of the Drama Society where I attended weekly meetings. I was involved in three projects with film students of various years and have since worked with other film students in lessons and additional projects that have been taking place this year.

Before I commenced my studies at Regents University London, I attended Giggleswick boarding school, where I was House Senior and one of two Performing Arts prefects. Here, I developed my teamworking, interpersonal and leadership skills, as well as developing methods to bring feedback to individuals who are able to act upon it. I also learnt how to present this feedback in a professional manner at weekly meetings that I attended in my own time.

It is my intention, should I be elected to the position, to keep students informed about the progression of issues that have already been reported to university staff earlier in the year, i.e. securing a more appropriate performance space for productions being put on by students of all years and ensuring that the achievements of acting and film students are celebrated by the university at large as this has been a concern certainly amongst acting students.

I look forward to hopefully working with a team of professionals who care as much about the quality of the education provided at Regents University London and maintaining the high standards of student satisfaction that Regents University London is known for.

With Sincere Regards,

Eve Russell
